

Revision Date: 25 March 2026, Revision Number: 01

SAFETY DATA SHEET

SDS: SAN-SDS- F2000-AYL-26-08

SECTION 1: IDENTIFICATION OF PRODUCT AND MANUFACTURER

Product Name: Spa Soap Aloe Cream Hand Soap

Recommended Use: Personal Hand Cleaning

Restrictions on Use: Follow direction on the product label and not for ingestion

Name of Manufacturer: Sante Manufacturing Inc

Address: 516 John Street N, Aylmer, Ontario
N5H 2B8. CANADA

Emergency Telephone: 1- (343) 268-0566

Office: 1-(905) 612-8693

SECTION 2: HAZARDS IDENTIFICATION

Classification (GHS / WHMIS)/Hazard Category:

- Not classified as hazardous under WHMIS 2015 / OSHA HazCom.

Signal Word: None

Hazard Statements:

- Not classified

Other Hazards:

- May cause mild eye irritation
- Prolonged exposure may cause skin dryness

Hazard pictograms: None

Precautionary Statements:

- Avoid contact with eyes

Response:

- IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention from physician.

Storage: Store in room temperature

Disposal: Dispose of contents/container in accordance with local regulations

Other Hazards: None known

SECTION 3: COMPOSITION / INFORMATION ON INGREDIENTS

Ingredient	CAS Number	% (w/w)
Water	7732-18-5	82.99
Sodium Laureth Sulfate (70%)	68585-34-2	11.61
Citric Acid	77-92-9	0.072
Glycol Distearate (EGDS)	627-83-8	0.45
Sodium Chloride	7647-14-5	4.77
Kathon CG (MCI/MI, 1.5% active)	55965-84-9	0.09
Fragrance	N/A	0.07
Colourant	N/A	0.00004
Aloe Vera Extract	N/A	0.000001

SECTION 4: FIRST AID MEASURES

In case of Eye Contact: Rinse cautiously with water for several minutes. Remove contact lenses if present.

In case of Skin Contact: If irritating, rinse with water. Discontinue use if irritation develops.

If Inhalation: Not expected under normal use.

If Ingested / Swallowed: Rinse mouth. Do NOT induce vomiting. Contact physician/medical attention.

Most Important Symptoms: Mild irritation to eyes/skin

SECTION 5: FIRE FIGHTING MEASURES

Suitable Extinguishing Media: Water spray, dry chemical, foam, CO₂

Specific Hazards: Not flammable, Thermal decomposition may produce CO, CO₂ and sulfur oxides

Protective Equipment for Firefighters: Standard firefighting PPEs.

SECTION 6: ACCIDENTAL RELEASE MEASURES

Personal Precautions: Avoid eye contact. Avoid slipping hazard

Environmental Precautions: Prevent bulk quantity entry into waterways.

Cleanup Methods: Absorb with inert material and dispose according to regulations.

SECTION 7: HANDLING AND STORAGE

Handling: Avoid contact with eyes. Use as intended

Storage: Store at room temperature. Protect from freezing and excessive heat. Keep container tightly closed.

SECTION 8: EXPOSURE CONTROLS / PERSONAL PROTECTION

Exposure Limits:

No specific exposure limits established for mixture

Engineering Controls: Not required

Personal Protective Equipment: Wear rubber or nitrile gloves, safety glasses and protective clothing for a largescale bulk handling. Not required PPEs for normal household purposes.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Property	Value
Appearance	Coloured liquid based on colourant added.
Odor	Fragranced
pH	~5.0–7.0
Boiling Point	~100°C
Flash Point	Not Applicable
Specific Gravity	~1.00–1.05
Solubility	Completely soluble in water

SECTION 10: STABILITY AND REACTIVITY DATA

Stability: Stable under normal use and storage conditions

Conditions to Avoid: Extreme heat/freezing

Incompatible Materials: Avoid strong oxidizers

Hazardous Decomposition Products: Thermal decomposition may produce oxides of carbon (CO, CO₂) and sulfur oxides.

SECTION 11: TOXICOLOGICAL INFORMATION

Likely Routes of Exposure: Eye and skin contact

Acute Effects: Eye irritation, Mild skin irritation

Chronic Effects: Not expected

Other: Sensitization and irritation

Effects:

- Eye irritation
- Mild skin irritation with prolonged contact
- Ingestion may cause gastrointestinal irritation

Carcinogenicity:

- None of the components are listed as carcinogens by OSHA, IARC, or NTP.

•

SECTION 12: ECOLOGICAL INFORMATION

General Advice: No significant environmental hazard at use concentrations, Avoid large quantity releases to environment.

Persistence/ Degradability: Not Determined

Behavior in Water Treatment Plants: Not Determined

SECTION 13: DISPOSAL CONSIDERATIONS

Dispose of contents and container in accordance with local, state, provincial, and federal regulations. Do not discharge large quantities into environment.

SECTION 14: TRANSPORTATION INFORMATION

DOT (US): Not regulated

IMDG: Not regulated

TDG (Canada): Not Regulated

ICAO/IATA: Not regulated

SECTION 15: REGULATORY INFORMATION

US/Canada Regulations:

- OSHA HazCom compliant/Not classified as hazardous chemical
- TSCA: All components listed or exempt
- Complies with WHMIS 2015 (Hazardous Products Regulations)/ Not classified as hazardous product.

SECTION 16: OTHER INFORMATION

National Fire Protection Association (NFPA) Ratings (estimated):

This information is intended solely for the use of individuals trained in the NFPA system.

Health: 1

Flammability: 0

Reactivity: 0

DISCLAIMER: This SDS is intended to provide a brief summary of our knowledge and guidance regarding the use of this material. The information contained here has been compiled from sources considered by Sante Manufacturing Inc to be dependable and is accurate to the best

of the Company's knowledge. It is not meant to be an all-inclusive document on worldwide hazard communication regulations.

This information is offered in good faith. Each user of this material needs to evaluate the conditions of use and design the appropriate protective mechanisms to prevent employee exposures, property damage or release to the environment. Sante assumed no responsibility for injury to the recipient or third persons, or for any damage to any property resulting from misuse of the product.
